

COVERAGE NAME: Vista

COVERAGE AREA: Statewide

COVERAGE DESCRIPTION:

The VISTA coverage is point coverage representing Vista sites in California located on the California State Highway System.

USER NOTES:

The coverage was developed from the Caltrans HQ Landscape Architecture database. The location of the Vista coverage points is based on postmiles from the Landscape Architecture database. For more information contact the Caltrans GIS Service Center.

During the February 2000, update three new vista locations where added to the coverage and two locations where deleted the attribute data was verified using the Landscape Architecture database (Revision 10/12/99).
